Education

Buddha Institute of Management

2024 – 2027

Bachelor of Computer Applications (BCA)

Gorakhpur, UP

Carmel School

2024

Senior Secondary (ISC)

Gorakhpur, UP

Carmel School

2022

Secondary (ICSE)

Gorakhpur, UP

Technical Skills

Languages: Python, SQL, HTML, CSS, JavaScript, Java (Basics)

Databases: MySQL, PostgreSQL

Libraries: NumPy, Pandas, Matplotlib, Seaborn

Developer Tools: MS Excel, Git, GitHub, VS Code, Jupyter Notebook, Google Colab

Core Concepts: Data Cleaning, Data Visualization, Exploratory Data Analysis (EDA), Basic Statistics, Data Preprocessing

Selected Projects

Blinkit Sales Analysis

- Performed data cleaning and exploratory data analysis (EDA) on a retail sales dataset using Python, Pandas, and NumPy.
- Analyzed customer purchasing patterns, product performance, and sales trends to derive actionable business insights.
- Created visualizations using Matplotlib and Seaborn to communicate key findings effectively.

Healthcare Data Analysis

- Analyzed healthcare records to identify trends in billing amounts, insurance providers, and medical conditions.
- Performed data preprocessing and exploratory analysis using Python libraries such as Pandas and NumPy.
- Generated meaningful insights through data visualization and statistical analysis to support data-driven decisions.

AQI Data Analysis

- Conducted exploratory data analysis on air quality datasets to study Air Quality Index (AQI) trends across different locations.
- Analyzed pollutant levels, including PM2.5 and PM10, to understand their impact on overall air quality.
- Developed visualizations using Matplotlib and Seaborn to present environmental insights effectively.

Achievements

1st Position – Tech Yuva 10.0, Buddha Institute of Management.

Research Paper Presenter – Presented an AI-based research paper at the National Conference on Emerging Issues in Artificial Intelligence and Machine Learning (AIML 2025).

Participant – Code Craze Mania Skill Development Competition organized by Buddha Institute of Management.

Certifications

Cursor Vibe Coding Pro – Build Apps with AI – Udemy: Completed hands-on training in AI-assisted application development and modern coding workflows.

Digital Marketing AI: ChatGPT & AI-Driven Marketing – Udemy: Learned AI-powered content creation, SEO, and digital marketing strategies using ChatGPT.
